

Issues/gaps identified

- Arlington medical providers knowledge of all services Arlington County provides-
 - Family Planning**
 - STI**
 - Teen Health**
- Need to Strengthen and streamline Public Health **Communications** with Arlington medical providers

Arlington Licensure Lookup

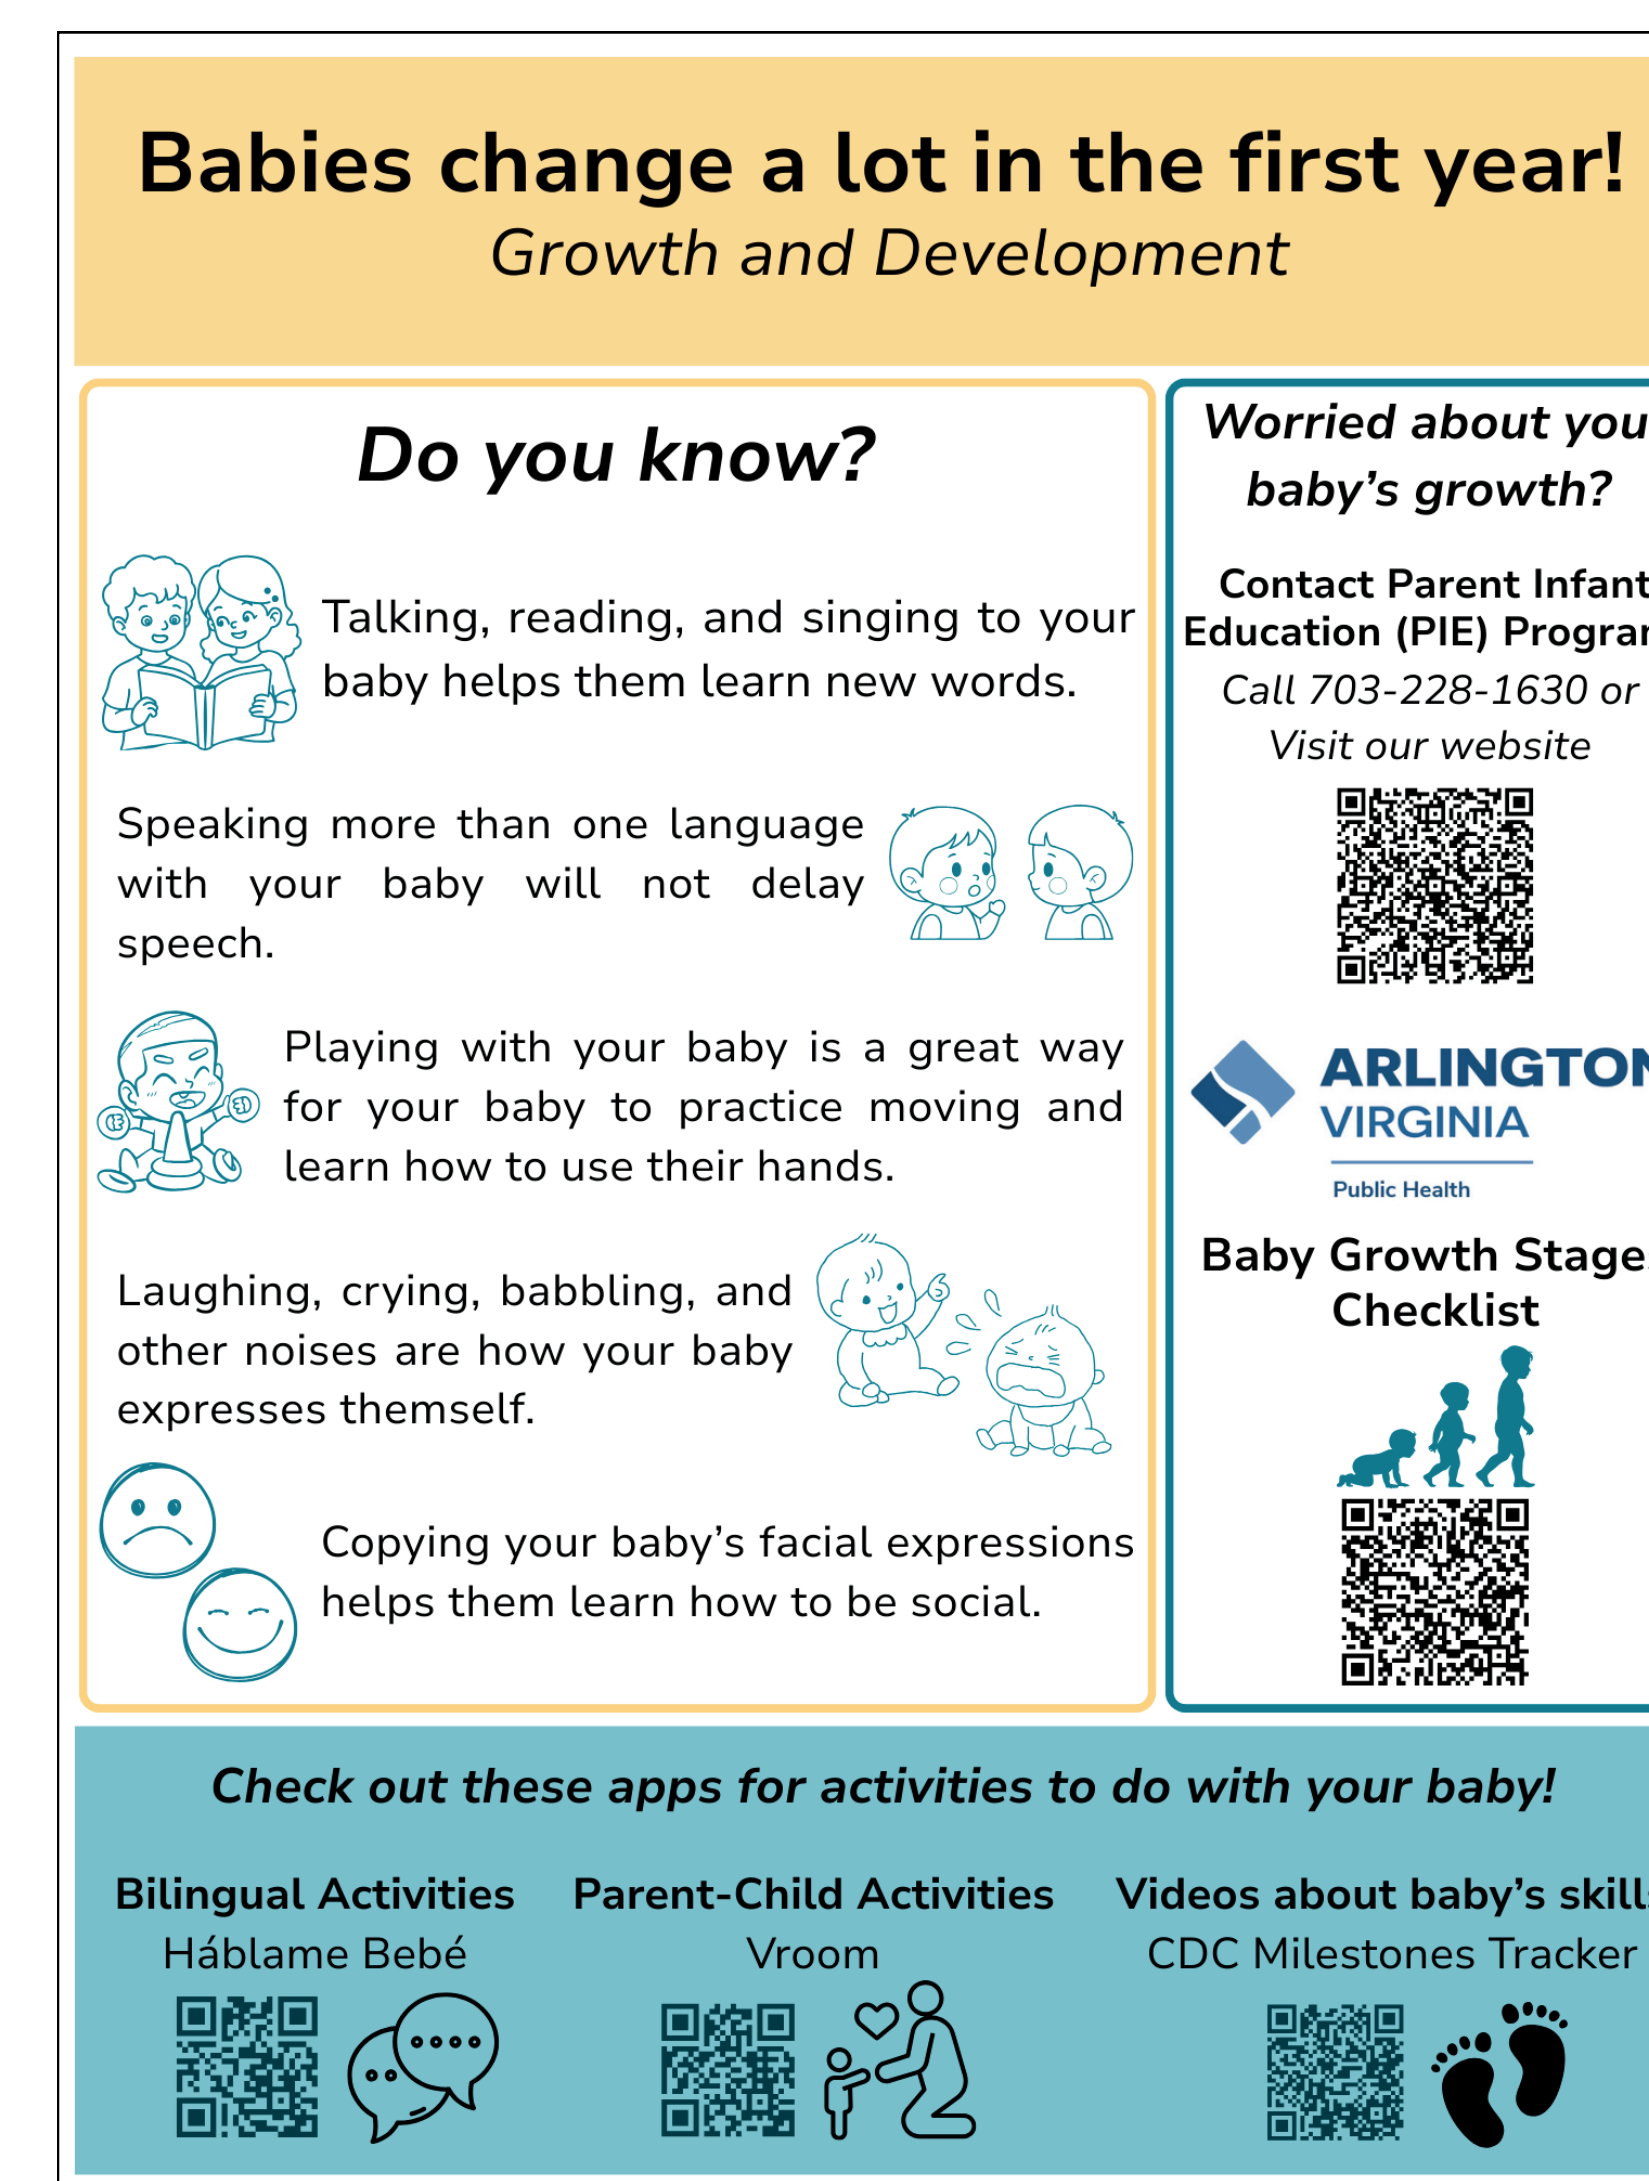

- Cleaned Virginia Board of Medicine's Practitioner Information
- Power BI Internal Lookup
 - Provider communications**

Postpartum Warning Signs

- Based on Fairfax County's **Thriving After Birth** and Association of Women's Health, Obstetric, and Neonatal Nurses' **Save Your Life**
- Arlington-specific **webpage** and **magnet**
- Magnet to be distributed at Outpatient Clinic** at 2-week postpartum check-up

Infant Development Flyer

- Developed with **Public Health Nurse Supervisor** and **Parent-Infant Education Coordinator**
- Reviewed CDC and American Academy for Pediatrics
- For Public Health and Human Services Outreach Distribution**

Challenges

- Transforming** Excel analysis to Power BI
- Translating** dense information to outreach materials
- Not enough time as an intern!

Impact and Future

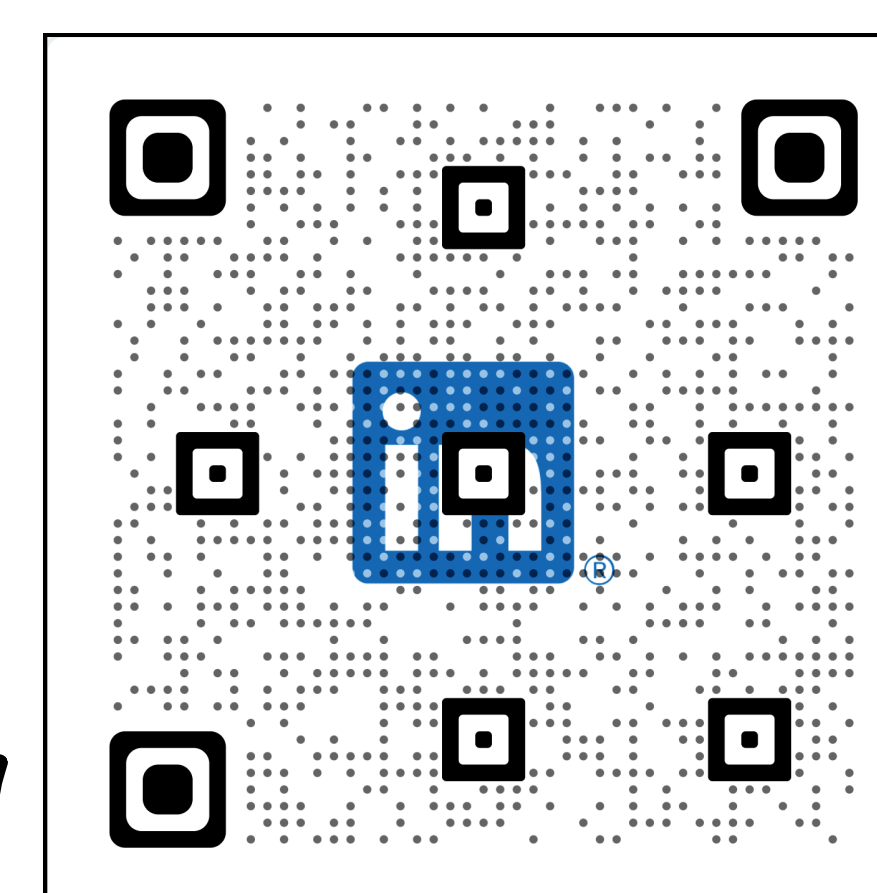

- Include **community perspectives** in how Arlington Public Health communicates
- Build trust** between providers and Arlington Public Health
- Update and innovate** communications to Public Health Clients

Acknowledgments

Thank you to **Colleen Ryan Smith, Stephanie Mickelson, and Kathleen Haines** at Arlington Health District for their mentorship, incredible conversations, and belief in me. Thank you to **Arlington County Department of Human Services** for hosting us! Thank you to **Jeff Stover, Bridget Cochran**, and the Internship Academy for allowing me to participate! Thank you to all Internship Academy participants, especially my fellow intern, **Vesna Pasetto**.
