## VIRGINIA'S REGIONAL EMS COUNCIL SYSTEM SUMMARY VISION (11-20-08)

## HIGH QUALITY PATIENT CARE

High quality patient care for every person in Virginia based upon best available evidence that is periodically reviewed and updated with continuous assessment and evaluation of outcomes and impact

Truly Patient Focused - Non-Fragmented - EMS Leader in the Nation

Achieved by a focus on these outcomes:

Develop a more fusiting system: Frank Frank Frank Frank Shared visitin, values, objectives with localized implementation: Hotest Honest Frank Hotest Cordinated Uniform and seameshing systems  A rue system — same vision galls, and approach gallent care Frank Walk the talk Representative Frank Walk the talk Representative Frank Representative Standardization of services Toxicous, delicitorate progress toward shared end points Frank Representative for the patient interviews in the degree that is appropriate so that every patient receives a fight quality standard of care  Standardized of medical protocols Communications system Frank Representative for the patient receives a fight quality standard of care  Standardized and medical protocols Representative for the patient receives a fight quality standard of care  Standardized and medical protocols Representative for the patient receives a fight quality standard of care  Standardized and medical	TRUSTING SYSTEM	SHARED VISION, VALUES	CONSCIOUS &	STANDARDIZATION OF	SOUND BUSINESS MODEL	RESOURCE
