| <b>2014 TPIC Annual Report</b>    | The final 2014 TPIC Annual Report has been posted on the OEMS website.  |   |
| <b>2015 TPIC Annual Report</b>    | Dwight reported that the 2015 TPIC Annual Report is currently being worked on, but the report is not yet final. We are waiting until the entire report is complete before presenting to the committee. Dwight reviewed a new schedule for the TPIC Annual Reports in 2017. The target date for the 2015 TPIC Annual Report is 1/1/2017, the date for the 2016 TPIC Annual Report is 3/1/2017, and then 1st Qtr 2017 would be available on 6/1/2017 and 2nd Qtr 2017 Report on 9/1/2017. The timing of the reports would coincide with the dates with quarterly Trauma System Oversight meetings. The goal is to start reporting quarterly in the future.  |   |
| <b>Vitals Data Quality Report</b> | We are waiting on comments from the Medical Direction Committee. Committee is reviewing and Marilyn will get comments. Forrest mentioned the inclusion criteria with the Vitals Data Quality Report. Dwight reviewed the provider primary impressions that make up the trauma from VPHIB v2 and VPHIB v3. Dwight reviewed the criteria for the vitals data quality report. Forrest mentioned that he reviewed the codes and some codes were missing from the criteria. Dwight pulled up VPHIB v2 and VPHIB v3 provider primary impression acceptable values list. Forrest mentioned that paraplegic and quadriplegic are not on list and questioned the criteria. Forrest recommended that we review all codes and as a group decide what gets included. Group identified codes missing; paraplegic, quadriplegic, lightning strike, abuse of children and abuse of adults. Dwight will give more feedback on the criteria. | <b>Get the committee more details on the criteria and the codes. (Dwight)</b> |
