

# Inspection Extension for July 2020

Virginia Office of EMS  
Division of Regulation & Compliance  
1041 Technology Park Drive  
Glen Allen, VA 23059  
804-888-9100

EMS Agency Administrators,

Due to the ongoing continuation of travel restrictions and social distancing guidelines, the Office of EMS will be extending the EMS Agency License and Permits for all agencies whose license is set to expire between the dates of July 1 - 31, 2020. These agency licenses will be extended until December 31, 2020.

For those agencies that bill for service, a copy of your extended agency license will be available on your portal after June 11, 2020, for printing and forwarding to your billing department, so there is no interruption in your ability to bill.

The Office of EMS will resume agency inspections as of August 1, 2020; therefore, starting July 1, 2020, the Office will begin contacting agencies to schedule their inspections, following a 30 day notice.

Thank you for your patience and understanding as we continue to work through this. Should you have any questions, please contact your EMS Program Representative.
