

PARTNERING FOR SUCCESS

ESO + WESTERN VIRGINIA EMS

Western Virginia EMS is putting new state-funded tools in your toolbelt. Hospitals across Virginia have access to ESO Alerting for early notification from EMS providers and better preparation. ESO Trauma Registry, ESO Patient Tracker, and ESO Analytics are also state-funded for Virginia facilities. Hospitals can close the feedback loop with their prehospital partners with ESO HDE.

▶ WHAT'S INCLUDED IN THE ESO PARTNERSHIP WITH WVEMS COUNCIL?

PRODUCT	PROVIDED BY WVEMS	REACH OUT
ESO Patient Tracker	✓	Learn how ESO can help your hospital system. CHRIS FRENCH Health Data Exchange 913-238-0318 virginia-hde@eso.com
ESO Alerting	✓	
ESO Trauma Registry	✓

ESO Analytics	✓	
Trauma Registry Link	✓	

ESO ANALYTICS

Understand performance like never before. With one-click access to clinical and operational metrics, core measures and more, Analytics gives you the power to transform data into actionable insights.

ESO ALERTING

ESO Alerting delivers a configurable application for EMS and hospital administrators to securely and efficiently communicate during time sensitive emergencies.

ESO HEALTH DATA EXCHANGE

Receive outcome data from your hospital partners and reshape the way you deliver patient care. ESO HDE delivers real-time, bidirectional data between EMS and hospitals.
