

2022 Traffic Incident Management Award NOMINATION FORM

This award recognizes the accomplishments in the area of Roadway Safety and Traffic Incident Management. This award is open to those that respond to roadway incidents and will be presented in conjunction with the Virginia Governor's EMS Awards.

The Traffic Incident Management Award Committee is not affiliated with the Governor's EMS Award committee and is comprised of representatives from the following organizations:

- Virginia Office of Emergency Medical Services
- Virginia Department of Fire Programs
- Virginia Statewide Traffic Incident Management Committee
- Virginia Department of Transportation
- Virginia Association of Towing and Recovery Operators

ELIGIBILITY: Any public safety agency, individual, organization, public or private entity that exemplifies innovation, excellence and that demonstrates a commitment to the advancement of roadway safety and traffic incident management.

CHOOSE ONE AWARD:

“Colonel Flaherty / Lieutenant Clark TIM Award”

This award recognizes and honors an individual who has made a significant contribution in support and furtherance of the Virginia Statewide Traffic Incident Management Program, has demonstrated dedication, excellence in providing instruction, guidance and cooperation to the stakeholders within the Commonwealth of Virginia.

“Excellence in Roadway Safety Award”

This award honors an agency, business or organization that has made notable improvements, achievements or provided services in the management or implementation of a roadway safety program.

Nominator's Signature _____ **Date** _____

Read each statement carefully and answer it completely. Limit documentation to the information requested. **If additional space is required, please attach a supplemental document.**

Provide examples demonstrating how the nominee has met the intent of the award. This will include, but not limited to; policies, procedures, testimonials, newspaper articles, articles in trade journals, etc...

The committee will evaluate the nominees and select the winner, and the top three nominees will be invited to the Annual Virginia EMS Symposium held in Norfolk in November where the winner will be recognized.

Training

<p>Training is the foundation and a vital component of any Traffic Incident Management (TIM) program. Provide examples of how the nominee has furthered training, utilized their position to identify challenges or gaps and then advanced innovations and contributions to educate others.</p>

Policies and Procedures

What policies and/or procedures has the nominee developed and implemented? What caused the development of these and provide an overview of the outcome; if possible, provide a results analysis.

Equipment

Does the nominee have the necessary tools and equipment to initiate and properly establish a traffic incident management area? Provide examples to include, but not limited to; personal protective equipment, barriers and safety equipment.

What innovations in equipment has the nominee provided to their agency, designed and/or instituted through common practice? Do they meet or exceed current recognized standards (NFPA, ANSI, MUTCD).

Best Practices

Identify, describe and provide examples of Best Practices that the nominee has developed and instituted. Was there a specific occurrence that precipitated these practices? Provide a brief synopsis of the initiative, areas for improvement and outcomes.

To submit this nomination

Forward this form along with any documentation to; tims.training@vdh.virginia.gov

FORMS MUST BE RECEIVED BY AUGUST 15, 2022
