Quarterly Report

Virginia EMS Scholarship Program

Fourth Quarter – FY23

Accreditation, Certification & Education

Background

The Virginia EMS Scholarship Program is managed by the Virginia Office of Emergency Medical Services providing scholarship awards to current Virginia EMS Providers and those seeking to become EMS providers in the Commonwealth.

The scholarship program supports students who are accepted into an eligible Virginia approved initial certification program—EMR, EMT, Advanced EMT and Paramedic.

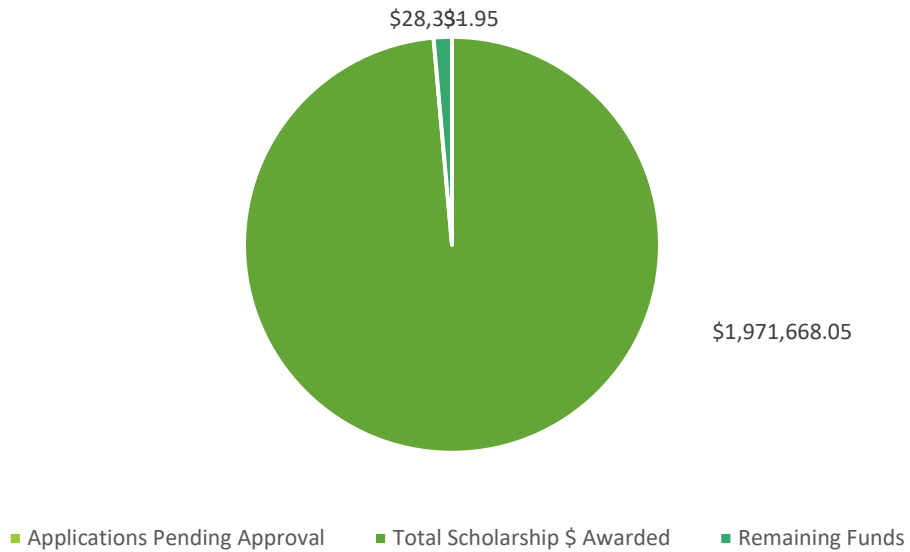

The scholarship program is not designed to provide 100% funding for a training program.

FY23 Scholarship Budget

The FY23 budget for the Virginia EMS Scholarship Program is \$2,000,000.00. The following chart shows a breakdown of funding based on three (3) categories: 1) Applications Pending Approval, 2) Total Scholarship \$ Awarded, and Remaining Funds.

- **Application Pending Approval** – this category includes the total dollar value for all applications received through the reporting period.
- **Total Scholarship \$ Awarded** – this category is the total dollar value for all scholarship applications which have been approved and are in the process of being paid. Since the Virginia EMS Scholarship module is new, OEMS staff have only approved a small group of test applications as we work through the payment processes with the VDH Office of Financial Management.
- **Remaining Funds** – this category is the total dollar value of funds remaining in the scholarship program and available for to students for the remainder of the fiscal year.
