EMS-Grant Information Funding Tool (E-Gift)

Welcome to the EMS-Grant Information Funding Tool (E-Gift), the new Rescue Squad Assistance Fund (RSAF) online grant application system. The E-Gift will replace the Consolidated Grant Application Program (CGAP), the software program used in the past. E-Gift automates the grant process by using a web-based system to pre-populate your agency data making the grant process easier to navigate. We know you will find this user-friendly tool useful in your grant application writing and submission process.

The E-Gift system requires three types of users: an Authorized Agent, a Financial Officer and an Agency Operational Medical Director. The Authorized Agent, or grant submitter, is the person who has the ability to create and make any necessary modifications to the grant. The Financial Officer will have the capability to review and e-sign the grant. The Agency Operational Medical Director (OMD) will have the capability to review and e-sign the grant. All OMD's have accounts already established. Existing accounts to log into E-Gift.
