

# **April 15<sup>th</sup> 8A-12P**

# **EMS PEDIATRIC EMERGENCY CARE COORDINATOR (PECC) WORKSHOP**

## **EMS PECC Workshop Training**

Ever wonder what a Prehospital PECC is, or even what they do? The PECC is a person within an EMS agency that supports and champions the preparedness, training and safe delivery of pediatric care to the community. This workshop will present information on and how to build a solid pediatric program within your EMS agency.

To register for the workshop, please email Mike Garnett at [emstraining@pulaskicounty.org](mailto:emstraining@pulaskicounty.org)

In collaboration with Prater Fire and Rescue and VAOEMS EMS for Children Partnership

**How to set up and maintain an agency PECC program**

**Understand the responsibilities of an EMS PECC position**

**Plan, coordinate and validate pediatric education/training**

**How to use pediatric EPCR data for performance improvement**

**Much more!**

## **WORKSHOP LOCATION:**

### **Prater Fire and Rescue**

1028 Killderr Ln.  
Grundy, VA
