

Virginia Department of Health Safety Seat Program

Issued 10.2022

The Statewide Safety Seat Program is a statewide child safety distribution and education program offered free of charge to eligible families. Safety restraint devices provided include a convertible safety seat with a starting weight of 5 pounds and a belt-positioning booster seat.

General criteria for eligibility:

- A resident of Virginia, citizenship not required.
- The legal parent or guardian of the child (third trimester through seven years).
- Meets income eligibility to WIC, Medicaid, TANF, SNAP, FAMIS or LISSDEP Income Level Guidelines.
- Child must fit within the program's devices; set by manufacturer's guidelines.
- Parent or legal guardian must complete training in correct seat use and installation.
- Sign a waiver of liability release.

Caregivers, if you are unable to afford car seats, reach out today to see if you qualify for a free seat!
