Infant Formula Contract:

Abbott Nutrition will continue to be used as the Virginia WIC Program's infant formula rebate contractor. Abbott was awarded the infant formula rebate contract effective on November 1, 2021. Authorized stores will see no immediate changes with the new contract. The Virginia WIC Program will continue to prescribe the various primary infant formula products, i.e., Similac Advance powder, concentrate and ready -to-feed formulas. There is no change to the retailer minimum stocking requirement of nine containers for the Similac Advance powder infant formula.
