Frequently Asked Questions

Nutrition for a Healthy Future

The foods that you get from Women, Infants and Children (WIC) provide nutrients that are important for good health and development. WIC foods are meant to add to what you already buy and are rich in calcium, protein, iron, fiber, and vitamins A, D, and C. Choose the foods that your family likes based on what is listed on your WIC Shopping List and what is available where you shop. WIC nutritionists will offer tips about feeding your children and ideas to improve your family's health and nutrition.

Successful Shopping Tips

BEFORE YOU SHOP

- Look at your WIC shopping list or recent receipt to check your available benefit balance.
- Check the dates of the benefit period. Shop before the "Last Day to Spend" to prevent unused benefits from expiring.
- Bring your eWIC card, WIC Food List, and WIC shopping list or recent benefit balance to the store.

WHILE YOU SHOP

- Shop for WIC foods at Authorized Virginia WIC Retailers that display the "eWIC Accepted Here" window decal.
- Choose only WIC-approved items from this Food List and make sure you have the correct quantities indicated on your WIC shopping list/benefit balance. Keep in mind that retailers may not carry all of the items listed or pictured.
- Look for WIC shelf labels to identify WIC approved foods in the following categories:
 - Breakfast Cereals
 - 1% and Skim/Fat-Free Milk
 - Cheese
 - Yogurt
 - Peanut Butter
 - Juice

AT THE CHECKOUT

- Some stores require eWIC transactions to be made in specific checkout lanes. Check with customer service if you are unsure which lanes accept eWIC cards as payment.
- Tell the cashier you are using your eWIC card and ask if you need to separate your groceries.
- Use your eWIC card before other forms of payment.
- Keep your receipt after every eWIC card purchase. It shows your available food benefit balance and the Last Day to Spend (LDTs) your current benefits.

Fruits and Vegetables

Cash Value Benefits are used to purchase WIC-eligible fruits and vegetables. These include fresh, frozen, and canned fruits and vegetables. Your cash value benefits will appear on your shopping list as a dollar amount. If the cost of your fruits and vegetables are more than the dollar amount available on the cash value benefit, you may put something back or pay the difference with another form of payment (SNAP, cash or credit/debit card).

- Canned and frozen fruits and vegetables are often less expensive than fresh fruits and vegetables when they are not in season.
- Some fresh fruits and vegetables won't last long after you bring them home. Buy small amounts more often so that you can eat them without throwing any away.
- Canned and frozen fruits and vegetables can be bought in large quantities when they are on sale because they can be stored much longer.
- Buying fruits and vegetables in their whole form is cheaper. Although pre-cut, pre-washed, and ready-to-eat fruits and vegetables are convenient, they often cost more.
- Organic fruits and vegetables are typically more expensive than similar non-organic varieties. Make your choice based on the factors that are important to you.

WIC Encourages and Supports Breastfeeding

Mother's milk has everything a baby needs to grow and stay healthy. Doctors strongly recommend breastfeeding for the first year, and longer if desired by mother and baby.

Breastfeeding Benefits Babies

- Best possible nutrition
- Reduces the risk of infant illnesses, diarrhea, and SIDS
- Reduces the risk of chronic disease including diabetes, asthma, heart disease, and cancer
- Increases baby's immunity to fight diseases and prevent allergies
- Always clean and safe
- Easy to digest – immediately ready to help baby grow

Breastfeeding Benefits Moms

- Reduces the risk of chronic diseases, breast, and ovarian cancers
- Promotes weight loss after pregnancy
- Always ready and at the right temperature
- Economical and saves money

Breastfeeding Benefits Families

- Saves money, time, and the environment
- Builds a foundation for a life time of good health
- Prepares babies for interactive play
- Allows babies to stay healthier – moms and dads don't have to miss work

Exclusively breastfeeding mothers and their babies are eligible to receive extra food benefits from WIC. Contact your local WIC office for breastfeeding support and feeding tips.

Frequently Asked Questions

Where can I buy my WIC food?

Your WIC benefits can only be purchased at Virginia WIC approved stores. Look for the “eWIC Accepted Here” window decal to identify approved stores. Your local WIC office can also help you find approved stores in your area.

Are WIC eligible foods identified at the store?

WIC approved stores will use shelf labels to identify WIC eligible foods in the following categories: 1%/fat-free milk, cheese, yogurt, juice, peanut butter, and breakfast cereals. Some labels may be incorrect due to mislabeling. Use this food list to verify. Eligible foods in the other categories are identified within this food list.

Do I have to buy every item on my shopping list at one time?

You do not have to buy all your foods at one time. Buy what you need. As food items are purchased with your eWIC card, these items will be deducted from the available balance.

Can I use my eWIC card at any checkout lane?

Some stores require eWIC transactions to be made in specific checkout lanes. Check with customer service if you are unsure which lanes accept eWIC cards as payment.

Do I have to separate my WIC foods from other foods that I am buying?

Although it is not required to separate your WIC foods at all stores, it is a good practice to follow. You may also want to present any coupons ahead of time, so that the cashier knows how to best ring up your purchase.

What should I do with my eWIC card after my benefits are used for the month?

You will use the same eWIC card every month to redeem your WIC benefits. It's important to keep your card safe with the black strip clean and free from scratches. Do not store your card near your cell phone, magnets, or hot places like the dashboard of the car; this could cause your card to stop working.

When will I be able to use my WIC benefits?

Your WIC benefits will be loaded onto your eWIC card at 12:00 midnight on the First Date to Spend (FDTS) and will expire at 12:00 midnight on the Last Day to Spend (LDTS).

What happens if all of my WIC foods are not purchased this month, will these benefits roll over to the next month?

No, any benefits that are not used will expire on the Last Day to Spend (LDTS) and cannot be used later.

How do I check my benefit balance?

- Check your last store receipt from the current month
- Perform a balance inquiry at the store
- Call customer service at 1-877-677-5963
(on back of card)

Can I change the foods listed on my shopping list?

If you have concerns about your WIC food prescription, contact your local WIC office. Food substitutions may not be made at the store. WIC foods can only be exchanged for the exact same item. WIC foods cannot be returned to the store for cash, credit or exchanged for different items.

What if I run out of food and I have already used all of my WIC benefits?

The WIC program is only meant to “supplement” your diet. The foods you receive at WIC are not intended to meet all of your nutritional needs. You will need to purchase additional foods on your own, including infant formula.

Your local WIC office can offer referrals to food assistance programs as needed.

Why did the cashier tell me that the item I am trying to buy is not allowed using my eWIC card?

If a food is not allowed as an eWIC purchase, it might be because:

- you do not have enough benefits left
- it is not on your food prescription
- it is not a Virginia WIC eligible food
- it is not in the Virginia WIC APL (Approved Product List)

If this happens, keep your receipt, take a picture of the food and barcode, and contact your local WIC office.

What should I do if I have problems at the grocery store?

If you have a problem at the grocery store, **scan first** then ask to talk with the store manager. If the issue cannot be resolved at the store, contact your local WIC office to discuss your concerns. You may be asked to provide the following:

- Store name, address, and phone number
- Date and time of the incident
- Name(s) of store personnel involved (store manager, cashier, etc.)
- Food item name, UPC (barcode), package size
- Copy of store receipt
- Details of the incident

Money Saving Tips

- Check store ads for sales.
- Create a weekly meal plan based on food prices.
- Make a shopping list and stick to it. Avoid shopping while you are hungry.
- Use your store discount/loyalty card and coupons.
- Compare brands— store brands often offer similar products for less money.
- Look at the top and bottom shelves — stores often stock the higher priced items at eye level on the middle shelves.
- Buy fresh produce when it is in season — it will cost less and taste better than out of season produce.
- Take the time to prepare your own meals— convenience foods, pre-cut fruits and vegetables, instant rice/oatmeal tend to cost more than if you prepare them yourself.
- Buy in bulk —larger packages often cost less than several small packages. Just be sure that you have storage space and will be able to use the item before it goes bad.
- Reach to the back of the shelf for the freshest items — especially for meat, dairy, fruits and vegetables.
- Shop wisely...not all stores offer the same selection.
