	>=\$50,000							14.9	11.6	18.1
*	<b>Marital Status</b>									
	Married							12.5	10.4	14.6
	Not Married							7.4	4.6	10.1
	<b>Previous Live Birth</b>									
	Yes							11.1	8.8	13.3
	No							10.0	7.5	12.4

Symbols indicate whether the health indicator had statistically significant differences between levels (p-value <0.05, chi-square test). Virginia PRAMS is a population-based survey of Virginia resident women with a recent live birth. Approximately 1,200 women are invited to participate annually. Percent (%), 95% confidence interval (CI) and estimated number of women are statistically weighted to represent all Virginia women with a live birth in the given time period.

Virginia PRAMS is a collaboration between the Virginia Department of Health and the Centers for Disease Control and Prevention. For more information on Virginia PRAMS, visit our website at: <http://www.vdhivewell.com/prams> or call 877-897-7267.
