Data source: Virginia Department of Health, Division of Policy and Evaluation, Behavioral Risk Factor Surveillance Survey, 2012-2013-2014. Weighted counts and weighted 1. percents are weighted to population characteristics.

"- - -" replaces estimates when the unweighted sample size for the denominator was < 20 or the CI half width was > 10 for any cell. Responses of don't know/not sure, refused, or missing were removed from the numerator and denominator in all estimates. 2.

3.

*** Use caution in interpreting sample sizes less than 50. 4.

CI= 95% confidence interval. 5.
