

September 9, 2014: In June of 2011 the NRC issued its Safety Culture Policy Statement. The RMP sent out notices prior to this regarding the Safety Culture Policy. The NRC is now conducting a survey regarding the Safety Culture policy.

The survey consists of 20 questions and takes approximately 20 minutes to complete. It asks licensees for feedback regarding:

1. Awareness of the Safety Culture Policy Statement
2. Whether they have received safety culture materials from the NRC or Agreement States
3. Satisfaction with the outreach and education products they have received
4. Overall satisfaction with the level and quality of communications from the NRC or Agreement States about safety culture

Today we have sent out a letter to all licensees informing them of this survey and providing the following link if they wish to participate. If you wish to learn more about Safety Culture, please visit [NRC's site](#).
