

**Virginia State Loan Repayment Program (VA-SLRP)
Eligibility Requirements 2018**

Application Cycle: January 1, 2018 to July 31, 2018

Incomplete applications received after July 15, 2018 will not be considered for VA-SLRP.

Virginia State Loan Repayment Program (VA-SLRP) Guidelines

The Commonwealth of Virginia (the Commonwealth) currently participates in The Health Resources and Services Administration, Bureau of Clinician Recruitment and Service (BCRS) Grants to States for Loan Repayment. This VA-SLRP is operated by the Virginia Department of Health-Office of Health Equity (VDH-OHE) providing a non-taxed incentive to qualified medical, dental, behavioral health and pharmaceutical (pharmacists) professionals in return for a minimum of two (2) years of service at an eligible practice site in one of the federally designated Health Professional Shortage Areas (HPSAs) in a qualified field of practice in Virginia. VA-SLRP requires a dollar for dollar match from the community/practice site. The maximum award for a four (4) year commitment is \$140,000 and shall be for a qualifying educational loan. Prioritizing applications for VA-SLRP is done on a first come first serve basis with priority given to renewals. All approvals are based on availability of funds. The participant shall meet and fulfill all requirements listed below in order to be eligible for the VA-SLRP.

Award and Distribution

Award

The minimum service obligation for the initial approval is two (2) years, and for that time, the maximum payment is **\$100,000**. A maximum amount of **\$50,000** is paid by the community/practice site in the first two years of the agreement and up to **\$50,000** paid by the VA-SLRP Program. For the third and fourth renewal years, extensions can be awarded each year for a total of up to **\$40,000**. This includes a cash match (**\$20,000** Federal and **\$20,000** Community/Practice Site match). The amount of the Federal portion of the award will be determined partially by the amount provided by the participants' practice site cash match portion. The total amount of awards for all four years cannot exceed **\$140,000 nor the current loan balance**. All approvals are based on availability of funds.

Match funding shall be made by eligible practice sites; public or private entities in an amount not less than \$1 for each \$1 of Federal Funds except for amounts over \$50,000 (see explanation of exception below).

- **EXCEPTION:** Awards of more than \$50,000 per year may be granted *if* the amount over and above the \$50,000 authorized for VA-SLRP participants comes from non-Federal sources and the VA-SLRP contract participant will serve at a site in a high need HPSA that is authorized for placement of a VA-SLRP program participant.

Distribution Table

Award year	Award Distribution	Years of Service Obligation
First two (2) years	Up to \$100,000 Maximum of: \$50,000 from VDH \$50,000 from Community	Two (2) years
Third (3 rd) year	Up to \$40,000 Maximum of: \$20,000 from VDH \$20,000 from Community	One (1) year

**Virginia State Loan Repayment Program (VA-SLRP)
Eligibility Requirements 2018**

Fourth (4 th) year	Up to \$40,000 Maximum of: \$20,000 from VDH \$20,000 from Community	One (1) year
Total : Four (4) Years	Up to \$140,000	Four (4) years

Additional Information

Length of Service Obligation

The initial award is for a two (2) year service obligation (first and second year). Renewal awards are for a single year service obligation (third and fourth).

Verification of Employment (VOE)

Once an applicant begins the required service obligation, VOE's are required as follows:

1. Submission of the first VOE is required to show proof of the first 30 days of employment after the VA-SLRP contract execution date determined by the date of the Commissioner of Health's signature.
2. After the first VOE, submission of a VOE is required every six (6) months thereafter until the end of the service obligation.

Leave

No more than 7.14 weeks (35.7 work days) per service year can be spent away from the approved service site for vacation, holidays, continuing professional education, illness, or any other reason. If the participant submits documentation supporting the need for absence of longer than 7.14 weeks, he/she may qualify for a suspension of the service obligation upon written approval from the Commissioner of Health. These requests shall be submitted in the form of a letter from the participant along with supporting documentation for consideration and final disposition by the Commissioner of Health.

Military Leave

Individuals in the Reserve Component of the U.S. Armed Forces or National Guard are eligible to participate in the VA-SLRP. If the VA-SLRP participant's military training and/or service, in combination with the participant's other absences from the service site, exceed 35 work days per service year, the VA-SLRP service obligation should be extended to compensate for the break in service.

Deferment, Cancellation and Waivers

A written request by the participant or his representative for a variation in the requirement for continuous engagement in full-time practice maybe considered by the Commissioner of Health in the following circumstances.

Virginia State Loan Repayment Program (VA-SLRP) Eligibility Requirements 2018

Deferment for Extreme Hardship

A suspension of the participant's VA-SLRP obligation may be granted at the Commissioner's discretion, for up to one year. In order to qualify for a suspension, the participant shall document a medical condition or personal situation that makes compliance with the obligation temporarily "impossible" or an "extreme hardship" such that enforcement would be against equity and good conscience. These requests shall be submitted in the form of a letter from the participant along with supporting documentation for consideration and final disposition by the Commissioner of Health.

Examples would be the terminal illness of an immediate family member for whom the participant is caretaker or extended maternity leave due to medical complications.

Cancellation of Contract

The only permissible basis for canceling a VA-SLRP contract is the death of the VA-SLRP participant. These requests shall be submitted in the form of a letter from the deceased participant's representative along with supporting documentation for consideration and final disposition by the Commissioner of Health.

Waiver

A waiver may be granted at the Commissioner's discretion. A waiver excuses the participant's performance of his/her VA-SLRP obligation, based on a written request and supporting documentation from the participant that he/she meets the waiver provision. In order to qualify for a waiver of the VA-SLRP obligation, a participant shall document a medical condition or a personal situation that makes compliance with the obligation permanently "impossible" or an "extreme hardship" such that enforcement would be against equity and good conscience. These requests shall be submitted in the form of a letter from the participant along with supporting documentation for consideration and final disposition by the Commissioner of Health.

An example would be an incapacitating illness that prevents the participant from practicing in his/her profession.

Breach of Contract

The following may constitute a breach of contract:

Transfer and or Break in Service

A VA-SLRP participant who stops serving prior to the completion of his/her obligation or otherwise breaches the terms of the contract, shall no longer receive loan repayment. If a participant requires a transfer and there is a break in service between the initial eligible site and the transfer site, loan repayment should not resume (if applicable) until the participant returns to the agreed full-time service obligation at the eligible site.

Virginia State Loan Repayment Program (VA-SLRP) Eligibility Requirements 2018

The participant shall submit a formal request to the VDH-OHE for a contract modification in cases of transfer or break in service. Where a break in service occurs, the participant's service end date shall be extended and there should be a contract amendment reflecting the new end date. If a participant does not accept his or her reassignment/transfer, the VA-SLRP shall place the individual in default of his or her VA-SLRP contract. These requests shall be submitted in the form of a letter from the participant along with supporting documentation for consideration and final disposition by the Commissioner of Health.

Default

The following may constitute as a default:

- The participant fails to complete the term of obligated service under the terms and conditions of the VA-SLRP contract;
- The participant falsifies or misrepresents information on the program application, the verification of employment forms, or other required document;
- The participant's employment contract is terminated for good cause as determined by the employer and confirmed by the employer and the department. If the employment is terminated for reasons other than reasons beyond the participant's control (e.g., closure of site) the participant shall transfer to another site approved by the board in the Commonwealth within six month of termination. Failure of participant to transfer to another site shall be deemed to be breached of the contract.

Default triggers a financial liability to the Commonwealth of Virginia.

In the event of a breach of contract and in accordance with terms of the contract the participant shall make default payments as described in 42 U.S.C. § 254o(c)(1). In the event of a breach in contract where the recipient has partially fulfilled his obligation, the total amount of reimbursement shall be prorated by portion of obligation completed. The participant shall be liable to the Commonwealth of Virginia for an amount equal to the sum of:

- a. **The total of the amounts paid** by the United States to, or on behalf of, the participant for loan repayments for any period of obligated service not served.
- b. **Penalty** of an amount equal to the number of months of obligated service not served multiplied by \$7,500.
- c. **Interest per annum** on (a) and (b) at the maximum legal prevailing rate, as determined by the Treasurer of the United States from the date of breach, except that the amount the United States is entitled to recover shall not be less than \$31,000 (in-kind repayment is not allowed).
- d. If the amount resulting from the above formula in (c) equals less than \$31,000, then the defaulter owes **\$31,000**. The amount owed is due to be paid within one (1) year of breach.
- e. The amount of Commonwealth of Virginia **collection fees**, court costs and reasonable attorneys' fees incurred or any of its agents in enforcing any of its rights herein.

Virginia State Loan Repayment Program (VA-SLRP) Eligibility Requirements 2018

If a participant is in default due to death, so as not to be able to engage in practice in a HPSA in the Commonwealth, the participant or his personal representative may be relieved of his obligation under the contract (see cancellation of contract, pg 7).

The participant shall agree to reimburse any financial damages owed to the Commonwealth of Virginia that are delinquent for more than thirty (30) days. The Commissioner may refer the debt to one or all of the following: Collection Agency, Debt Set-Off Program through the Department of Taxation, Office of the Attorney General, and the Appropriate Credit Reporting Agencies.

Bankruptcy

Bankruptcy

In case of default, the Commonwealth of Virginia shall be entitled to collect from the participant in addition to the amount then due and unpaid on this note, all legal costs of collection including attorney's fees of **30%** of such amount; therefore, debt cannot be written off with bankruptcy.
