

Virginia's Crisis System

State Health Commissioner's

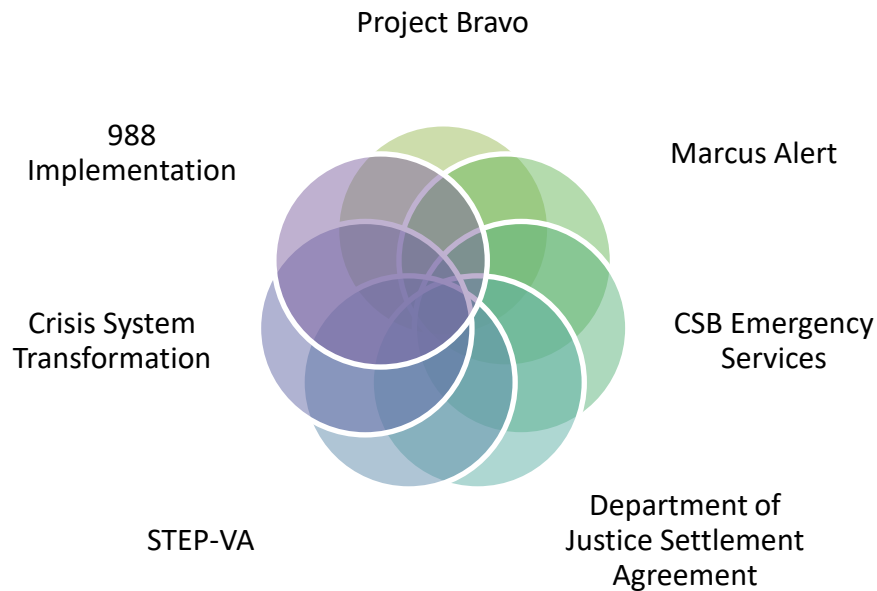

Advisory Council on Health Disparity and Health Equity

April 11, 2023

J. Curt Gleeson, LPC

Division of Crisis Services

July, 2021 - Office of Crisis Services and Supports, Division of Developmental Services.
January, 2023 – Division of Crisis Services.

Vision for the Crisis System Transformation

Objective: The development of a community-based, trauma-informed, recovery-oriented crisis system that responds to crises **where they occur** and **prevent out-of-home placements**

Someone to talk to, someone to respond, a place to go.

HIGH-TECH CRISIS CALL CENTERS

These programs use technology for real-time coordination across a system of care and leverage big data for performance improvement and accountability across systems. At the same time, they provide high-touch support to individuals and families in crisis.

24/7 MOBILE CRISIS

Mobile crisis offers outreach and support where people in crisis are. Programs should include contractually required response times and medical backup.

CRISIS STABILIZATION PROGRAMS

These programs offer short-term “sub-acute” care for individuals who need support and observation, but not ED holds or medical inpatient stay, at lower costs and without the overhead of hospital-based acute care.

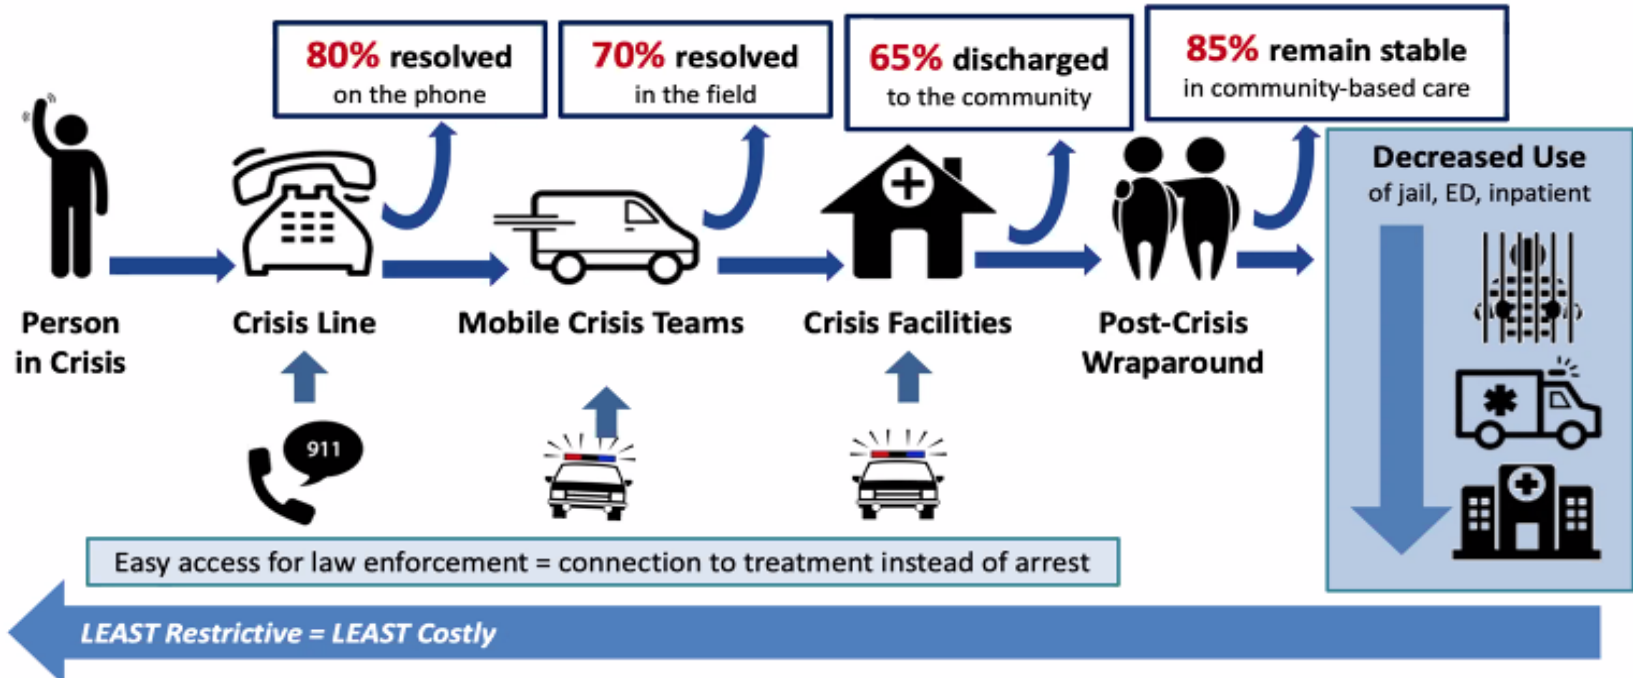

ESSENTIAL PRINCIPLES & PRACTICES

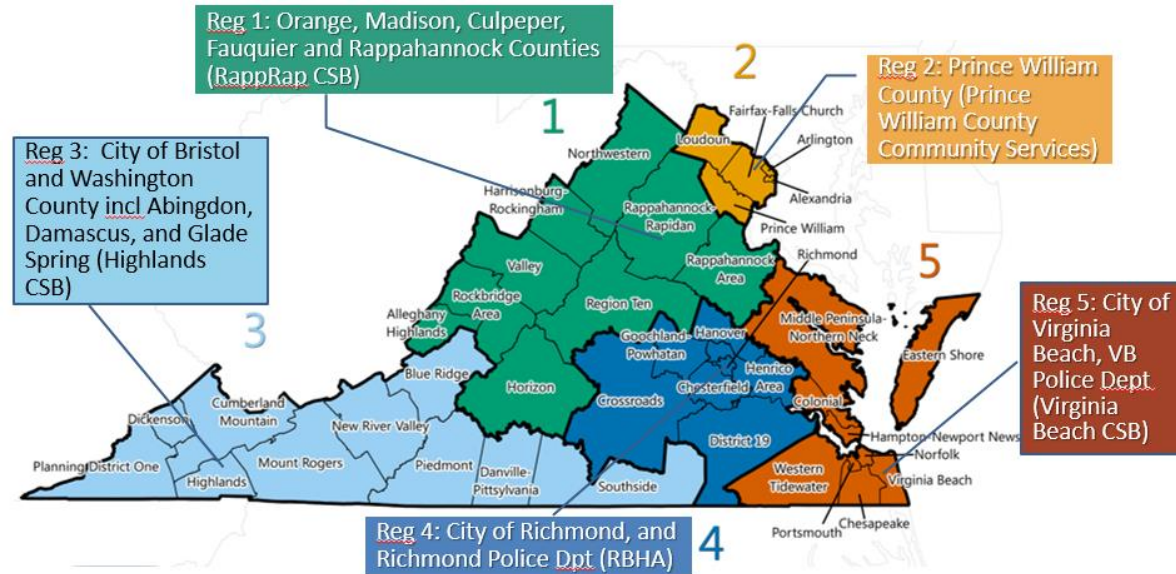

These must include a recovery orientation, trauma-informed care, significant use of peer staff, a commitment to Zero Suicide/Suicide Safer Care, strong commitments to safety for consumers and staff, and collaboration with law enforcement.

Integrated Continuum

Crisis System: Alignment of services toward a common goal

First Five Marcus Alert Programs

PRS CrisisLink, Regions 1, 2, 4, 5

Frontier Health, Region 3

Regional Crisis Call Centers

- **Incoming Lines**

- 911 PSAP Diversion
- The National Suicide Prevention Lifeline
- 988
- Regional Crisis Hotlines
- REACH
- Mobile Services
- CSB Emergency Services

Formalized Training Across System

80% of calls resolved on the phone

Location

Mobile Crisis Response

- Rapid response, assessment and early intervention to individuals experiencing crisis
- Provided 24/7
- Purpose:
 - Prevention of acute exacerbation of symptoms,
 - prevention of harm to the individual or others,
 - provision of quality intervention in the least restrictive setting,
 - development of immediate plan of safety to help avoid higher level of care

Cultural Responsiveness Training

Strategies for Using Culturally Responsive Skills with Contacts

36

- Create a safe and affirming space
 - Use culturally responsive skills
 - Ask appropriate questions to establish rapport quickly
 - Genuinely care about getting every contact the best help for them according to their current circumstances
 - Understand how your (and their) biases can block progress
- Appendix C: Strategies for Using Culturally Responsive Skills with Contacts (pages 50-52)

Cultural Responsiveness Training

Referring Culturally Relevant Support Services

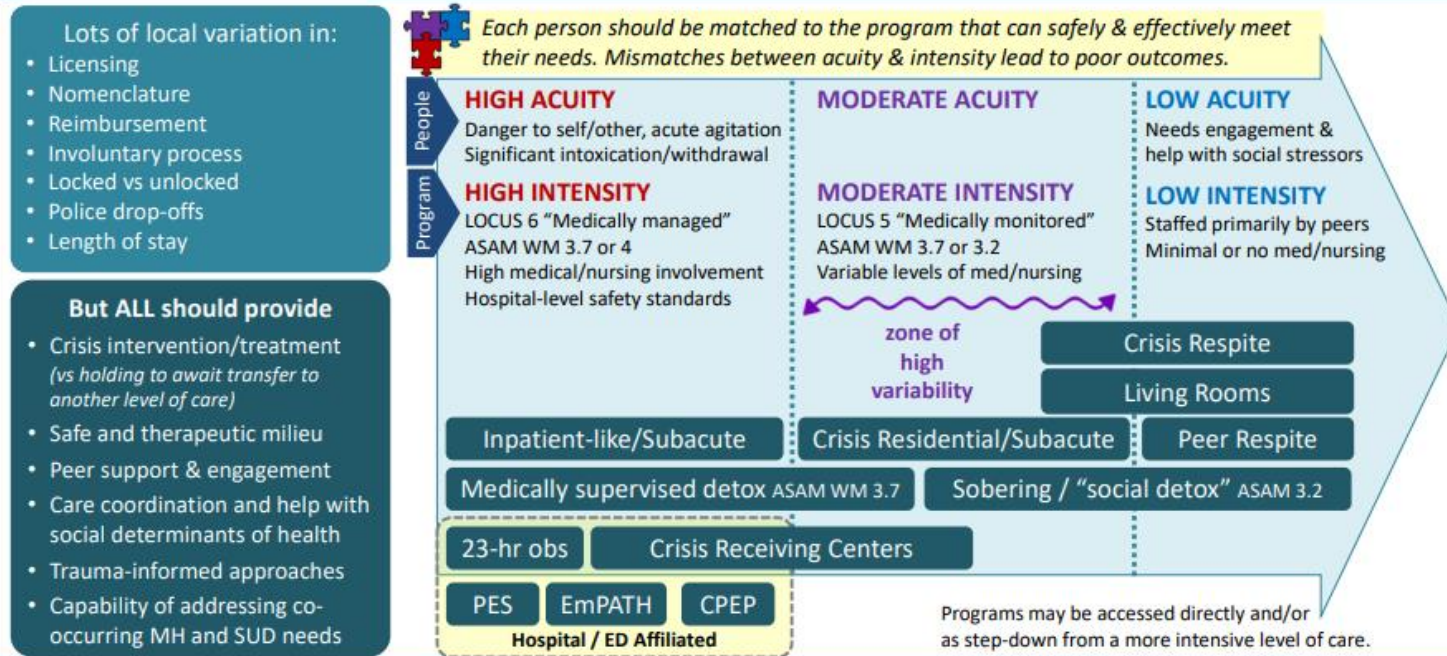

39

- Focus on the needs of the individual
- Make sure the contact understands their rights around receiving services
 - An interpreter when not fluent in English
 - Abilities accommodations (services like sign language for contacts who are deaf, wheelchair access for people in wheelchairs, etc.)
- When transferring to a PSAP or mobile crisis dispatch, keep in mind the following information:
 - 911 dispatch is verbal (no computer transfers), so include relevant verbal information to dispatch
 - Behavioral-related dispatch is electronic, so include relevant dispatch notes in the data platform.

Services For All Acute Levels

“Crisis Stabilization Units” & Facility-Based Crisis Services – An Imperfect Guide

Existing and Planned Crisis Sites, Including Priority Areas

- Shaded areas noted as priority sites considering TDO rates per population and current access to services.
- DBHDS will evaluate new funding proposals based upon set criteria to equitably distribute funds for projects across the state, including consideration of priority sites.

Questions, Answers, and Discussion
