September is National Preparedness Month, and the Virginia Department of Health Office of Emergency Preparedness host an Annual Emergency Kit Cook-Off.

Employees from State agencies submit recipes prepared using only non perishable pantry items and manual appliances. The finalists prepare their recipe for the live Cook-Off event in September.

This cookbook holds the delicious recipes for the last 6 years, and it shows that the loss of power doesn’t have to equal loss of taste and a little gourmet can help provide comfort during an emergency.

- 1 pkg ranch dip
- 1 pkg taco seasoning

While visiting our 88-year old and beloved Aunt Donna in Georgia, she made a Taco Soup for us that instantly became a favorite. Her recipe was so flavorful and easy, we couldn't wait to bring it home with us to Virginia. Suffice it to say, Aunt Donna’s Famous Taco Soup has become a local legend in the decade since, as folks always clamor for the recipe! At 98-years young, dear Aunt Donna now leaves the Taco Soup cooking to us, but she is thrilled we’re sharing her recipe with you [Admittedly, the original recipe calls for 1 lb lean ground turkey (browned, drained) and 1 fresh onion (chopped), but for emergency purposes, when camping, or when refrigeration/power are an issue, this non-perishable version will put a smile on your face. Here's to good eating and great memories!].

“Cherry Camp stove Cobbler”
By: Deborah Sawyer

**Ingredients:**
- Vegetable oil (enough to coat pan)
- 1 cup of Oatmeal
- 2 tablespoons of instant non-fat dry milk
- 3 tablespoons of sugar
- 1 tablespoon of cornstarch
- 1 teaspoon of vanilla
- 1 teaspoon of cinnamon
- 1-4oz cup of applesauce
- 1-15-16oz can of Pitted dark sweet cherries, in heavy syrup

**Directions:**
Heat oil in pan. Combine next six ingredients in a bowl; then drop by teaspoonful into hot oil to brown. Add can of dark cherries to mixture and heat for a few minutes so that the cherries are warm and some of the cherry syrup has had a chance to evaporate. Serve and enjoy!

**Tips:** Applesauce can often be used as a substitute for butter in recipes.

Looking for gluten-free? Corn doesn’t contain gluten, so you can substitute cornstarch in sauces and soups that use flour as a thickener (but use about half as much). Pure oats are gluten-free, but since oats may be processed in the same facilities that gluten-containing grains, you may want to stick with oatmeal that has a “gluten free” stamp on the packaging.
