

Equity in Public Health Response:

Lessons Learned from the COVID-19 Pandemic and Equity Moving Forward

Presented by:

Kathryn Crosby, MBA, MHR
Chief Diversity, Equity, & Inclusion Officer
VA Department of Health

Lessons Learned

Equity is a foundational element of public health response and emergency preparedness.

Lessons Learned

Equity in:

Moving Forward...

Equity **will always be** a foundational element of public health response and emergency preparedness.

Moving Forward...

In all that we do, we must ask:

1. **Who** have we forgotten?
2. **What** have we forgotten?
3. In helping, what communities could this **unintentionally harm**?

Moving Forward...

Equity-Mindedness

Understand the sociocultural context of exclusionary practices

Understand how it impacts outcomes and opportunities to be healthy

Take necessary action to disrupt and dismantle barriers

Moving Forward...

Consider the considerations.
