

Health Department Hours

Effective Monday, 3/30/2020 until further notice

To effectively respond to COVID-19 in our community, Mount Rogers Health District will observe the following changes:

Everyone must call from the parking lot before entering the health department office.

All visitors will be screened.

All MRHD offices will close from 12:00-12:30 p.m. daily for cleaning and sanitization

WIC is available by phone daily. Most services can be completed over the phone. For services that must be in person, please call the health department before coming.

Bland County Health Department: 276-688-3642

Environmental Health Services

Due to COVID-19 and social distancing recommendations, beginning Monday, March 30, 2020, Bland County Environmental Health offices will limit access to the public except in cases where there is a scheduled appointment with clients. We will not be discontinuing services. However, interactions with clients will transition to telephone, email, fax, mail and other means that do not require clients to physically enter the office.
