F 000	INITIAL COMMENTS  An unannounced Medicare/Medicaid complaint survey was conducted 11/06/18 through 11/08/18. Corrections are required for compliance with 42 CFR Part 483 Federal Long Term Care requirements. Two complaints were investigated during the survey.	F 000	Preparation and/or execution of this plan of correction does not constitute admission or agreement by the provider of the truth of the facts alleged or conclusions set forth in the statement of deficiencies. The plan of correction is prepared and/or executed solely because the provision of the federal and state laws require it.	
F 658 SS=E	Services Provided Meet Professional Standards CFR(s): 483.21(b)(3)(i)  §483.21(b)(3) Comprehensive Care Plans The services provided or arranged by the facility, as outlined by the comprehensive care plan, must- (i) Meet professional standards of quality. This REQUIREMENT is not met as evidenced by: Based on observation, staff interview and resident interview, facility documentation review and clinical record review, the facility staff failed to follow the professional standards of nursing practice regarding administration of medications for one resident (Resident # 4) in a survey sample of 4 residents.  For Resident # 4, the facility staff failed to administer medications as ordered by the physician on multiple occasions.  Findings included:  Resident # 4, was admitted to the facility on 4/3/2018 and readmitted on 7/11/2018. Diagnoses included but were not limited to: hypertension, depression, respiratory failure, Gastroesophageal reflux disease, pain and muscle spasms.	F 658	F 658 Services Provided Meet Professional Standards  1. Resident #4 experienced no adverse reactions from not receiving antihypertensive, supplement, antiviral, pain medication, and muscle relaxer as ordered by MD. MD and RP aware

TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

The ADON stated the expectation was that medications should be delivered by the pharmacy during the next morning delivery after a new order and should be available at the scheduled time for administration if an existing order. The ADON also stated the nurses were "expected to notify the pharmacy and try to pull medications from the STAT box. If the medication was not in the STAT box, the nurse should notify the medical doctor to obtain an order to hold the medication or give other orders." The ADON stated the nurse should notify the Responsible Party of the issue and any new orders. The ADON stated medications should be administered as ordered by the physician.</p> <p>On 11/8/2018 at 9:25 AM, an interview was conducted with the Director of Nursing (DON) who stated medications should be available for administration as ordered.</p>	F 755

F 755	Continued From page 12 During the end of day debriefing on 11/8/2018, the Facility Administrator, Director of Nursing and Assistant Director of Nursing were informed of the findings. The Director of Nursing and Assistant Director of Nursing stated the Pharmacy should ensure medications are available for administration as ordered by the physician.  No further information was provided.	F 755	F 757 Drug Regimen is Free Unnecessary Drugs  1. Resident #4 exhibited no signs or symptoms of distress from no having assessment performed per MD order for medication administration. 2. DON/designee conducted a quality review of all resident medication assessment orders to ensure assessments are performed per MD order, as all residents have the potential to be affected. Follow up will be based on findings. 3. DON/designee provided re- education to all licensed nurses on performing assessments as ordered per MD order. 4. DON/designee to complete Quality Improvement monitoring on medication assessment orders for assessments requirements per MD orders. Monitoring will be conducted weekly for 4 weeks, then quarterly. Finding will be reported to the QAPI Committee monthly and updated as indicated. Quality monitoring schedule modified based on findings. 5. Date of compliance: 12/10/18		
F 757 SS=E	Drug Regimen is Free from Unnecessary Drugs CFR(s): 483.45(d)(1)-(6)  §483.45(d) Unnecessary Drugs-General. Each resident's drug regimen must be free from unnecessary drugs. An unnecessary drug is any drug when used-  §483.45(d)(1) In excessive dose (including duplicate drug therapy); or  §483.45(d)(2) For excessive duration; or  §483.45(d)(3) Without adequate monitoring; or  §483.45(d)(4) Without adequate indications for its use; or  §483.45(d)(5) In the presence of adverse consequences which indicate the dose should be reduced or discontinued; or  §483.45(d)(6) Any combinations of the reasons stated in paragraphs (d)(1) through (5) of this section. This REQUIREMENT is not met as evidenced by: Based on staff interview, facility documentation	F 757

F 757	<p>Continued From page 14</p> <p>There were no slots on the MARs for the documentation of the parameters for administration of Metoprolol 25 milligrams. There were no blood pressures or heart rates listed prior to the administration of the Metoprolol. Further review of the September 2018 and October 2018 Medication Administration Records revealed no blood pressures or pulses taken prior to administration of Metoprolol.</p> <p>On 11/8/2018 at 10:05 AM, an interview was conducted with LPN (Licensed Practical Nurse) B who stated she did not take Resident # 4's blood pressure or pulse prior to administering the medication Metoprolol. LPN B stated she should have taken the blood pressure and pulse prior to administering the medication as ordered by the physician.</p> <p>On 11/8/2018 at 10:50 AM, an interview was conducted with the ADON (Assistant Director of Nursing) who stated the nursing staff should follow physician's orders and take the blood pressure and pulse prior to the administration of the medication, Metoprolol, as ordered by the physician. The ADON reviewed the MAR for Resident # 4 and stated the nurses should have taken the blood pressure and pulse prior to administering Metoprolol as ordered and should have clarified with the physician if there was a question about the need to take vital signs prior to administration of the medication. It is the nurses responsibility to clarify orders.</p> <p>On 11/8/2018 at 11:30 AM during the end of day debriefing, the Administrator, Director of Nursing and ADON were informed of the failure of the staff to take blood pressure and pulse prior to</p>	F 757
