Re: Letter of Intent for Outpatient Surgical Center - EMERGENCY APPLICATION

Dear Commissioner Oliver:

I hope this letter finds you well. Please accept this as a Letter of Intent and Request for Application for a Certificate of Public Need in accordance with 12 Va. Ann. C. 5-220-180. Please find the requested information below regarding a proposed out-patient surgical center. **Please note that the provider considers this to be an emergency application given that there is significant public need for additional facility capacity.**

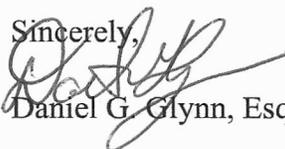

The owner of this project would be Dominion Plastic Surgery, LLC.

The type of the project would be an outpatient ambulatory surgical center within a physician's office.

The proposed project would be located at 2755 Hartland Road, Falls Church, VA 22043.

The scope of the project would be an approximately 1,400 square feet consisting of an out-patient surgical center with two operating rooms including a scrub area, clean and dirty areas for donning and doffing personal protective equipment, PACU room, pre-operative room, bathroom, nurse's station, and waiting room.

The owner of this proposed project believes that this proposed project is in the interests of northern Virginia and of the Commonwealth in increasing capacity for extremity and non-breast reconstructive services. Should you have any questions or concerns, please do not hesitate to contact me at dglynn@merrifieldlaw.com or 703-884-2399.

Sincerely,

Daniel G. Glynn, Esq.
