RE: COPN No. VA-04706

**Bon Secours Memorial Regional Medical Center, Inc., Mechanicsville, Virginia
Addition of 44 acute care beds to include medical/surgical and ICU**

Dear Ms. Edwards:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Bon Secours Memorial Regional Medical Center, Inc. to add 44 acute care beds.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The project is generally consistent with the applicable criteria and standards of the Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
2. The applicant has adequately demonstrated an institutional need to expand its existing inventory of medical-surgical and intensive care unit beds.
3. There is a calculated deficit of intensive care unit beds in PD 15.
4. There is no known opposition to the proposed project.
5. The project is financially feasible.

6. The projected capital costs are reasonable.
7. Approval of the proposed project is not likely to have a significant impact on existing providers of inpatient beds services.

This certificate is valid for the period May 25, 2020 through May 24, 2021. The total authorized capital cost of the project is \$52,738,157.

Please file two copies of the application for a certificate extension with the Department no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

A handwritten signature in blue ink that reads "M. Norman Oliver MD". The signature is fluid and cursive, with the "MD" part being more distinct and written in a slightly larger, bolder script.

Bon Secours Memorial Regional Medical Center will provide inpatient bed services to all persons in need of this service, whether such persons occupying such beds qualify as inpatients, observation patients, or outpatients, and regardless of their ability to pay, and will facilitate the development and operation of primary care services to medically underserved persons in PD 15 in an aggregate amount equal to at least 3.7% of Bon Secours Memorial Regional Medical Center's gross patient revenue derived from inpatient bed services. Compliance with this condition will be documented to the Division of Certificate of Public Need annually by providing audited or otherwise appropriately certified financial statements documenting compliance with the preceding requirement. Bon Secours Memorial Regional Medical Center will accept a revised percentage based on the regional average after such time regional charity care data valued under the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. is available from Virginia Health Information. The value of charity care provided to individuals pursuant to this condition shall be based on the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. To the extent Bon Secours Memorial Regional Medical Center expects its ability to meet this condition as valued under the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. or any revised percentage to be impacted in material part by the expansion of Medicaid in the Commonwealth of Virginia or changes in reimbursement stemming from the response to the COVID-19 pandemic, it may petition the Commissioner for a modification of this condition.
