RE: COPN No. VA-04711

**Columbia/HCA John Randolph, Inc. d/b/a John Randolph Medical Center
Expand existing inpatient psychiatric services by converting up to 16 general acute
medical-surgical beds to inpatient psychiatric beds**

Dear Mr. Stallings:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by John Randolph Medical Center as Certificate of Public Need Request number VA-8495 to expand existing inpatient psychiatric services by converting up to 16 general acute medical-surgical beds to inpatient psychiatric beds on the John Randolph Medical Center campus.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The proposed project is generally consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
2. The capital cost of the proposed project is reasonable.
3. The proposed project appears to be economically viable in the immediate and long-term.
4. The proposed project enjoys broad support from area health professionals and community service boards in PD 19.

5. The proposed project is more favorable than maintaining the status quo.
6. The applicant has adequately demonstrated an institutional need to expand existing inpatient psychiatric services at John Randolph Medical Center.
7. Approval of the proposed project is not likely to have a significant negative impact on the existing providers of inpatient psychiatric services in PD 19.

This certificate is valid for the period July 24, 2020 through July 23, 2021. The total authorized capital cost of the project is \$2,577,000.

Please file two copies of the application for a certificate extension with the Department no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

M. Norman Oliver, MD, MA
State Health Commissioner
