RE: COPN No. VA-04728

**Children's Hospital of The King's Daughters, Norfolk, Virginia
Add One General Purpose Operating Room**

Dear Ms. Martin:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Children's Hospital of the King's Daughters, Inc. to add one general purpose operating room at Children's Hospital of the King's Daughters.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The project is generally consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Conditions of the Code of Virginia.
2. Approval of the proposed project will address an institutional need to expand surgical services at Children's Hospital of the King's Daughters.
3. The status quo is not a viable alternative to the proposed project.
4. The capital costs are reasonable and consistent with the projects of this type.

This certificate is valid for the period December 21, 2020 through December 20, 2021. The total authorized capital cost of the project is \$265,000.

Please file two copies of the application for a certificate extension with the Department no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

A handwritten signature in blue ink, reading "M. Norman Oliver MD". The signature is fluid and cursive, with the "MD" at the end being more distinct.
