Re: Letter of Intent for Residential Substance Abuse Treatment Services COPN

Dear Dr. Oliver:

I write on behalf of Southstone Behavioral Health to provide notice of the intent to seek a Certificate of Public Need for the introduction of residential substance abuse treatment services in South Boston, Virginia, which is in Planning District 13. This project is anticipated to involve up to 64 residential beds and facilities for partial hospitalization patients. I look forward to receiving the relevant application materials.

Thank you for your assistance with this filing.

Very truly yours,

Nathan A. Kottkamp
