**Virginia Commonwealth University Health System Authority, Richmond, Virginia  
Expansion of MRI and CT Services at VCU Medical Center**

Dear Ms. Martin:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Virginia Commonwealth University Health System Authority to expand MRI and CT services at VCU Medical Center.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The proposed project is generally consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
2. The capital costs are reasonable.
3. The proposed project appears economically viable both in the immediate and in the long-term.
4. No reasonable alternatives to the proposed project exist.
5. The applicant has adequately demonstrated a unique institutional need for the additional requested MRI and CT scanners.
6. There is no known opposition to the proposed project.

7. Approval of the proposed project is not likely to have a significant negative impact on existing providers of CT or MRI services.

This certificate is valid for the period November 9, 2021 through November 8, 2022. The total authorized capital cost of the project is \$4,524,997.

Please file two copies of the application for a certificate extension with the Department no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

A handwritten signature in blue ink that reads "M. Norman Oliver MD". The signature is fluid and cursive, with the initials "MD" clearly visible at the end.
