RE: **COPN No. VA-04776**  
**Inova Health Care Services d/b/a Inova Alexandria Hospital, Alexandria, Virginia**  
**Establish CT services at Inova Oakville Ambulatory Surgery Center with one CT**  
**scanner**

Dear Ms. Parker:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Inova Health Care Services to establish CT services at Inova Oakville Ambulatory Center.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The project is consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
2. The project would reduce the overutilization of the existing CT scanners at Inova Alexandria Hospital.
3. There is a calculated deficit of CT scanners in the planning district.
4. No alternatives to the project exist that would meet the needs of the people in the area to be served in a less costly, more efficient, or more effective manner.
5. The Board of the Health Systems Agency of Northern Virginia voted unanimously to recommend that the application be approved.

6. The capital costs are reasonable and consistent with the projects of this type.

This certificate is valid for the period February 7, 2022 through February 6, 2023.  
The total authorized capital cost of the project is \$1,166,266.

Please file two copies of the application for a certificate extension with the Department and one copy with the regional health planning agency no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

Colin M. Greene, MD, MPH  
Acting State Health Commissioner
