RE: **James River Cardiology, P.C.**  
**Letter of Intent for COPN Application**

Colin M. Greene, MD, MPH  
State Health Commissioner  
Virginia Department of Health  
109 Governor Street, 13th Floor  
Richmond, VA 23219

Dear Dr. Greene,

I am writing to notify you that James River Cardiology, P.C. intends to apply for a certificate of public need to obtain a mobile Cardiac PET/CT scanner. The scanner will service the following office locations:

- 7300 Ashlake Pkwy, Suite 100, Chesterfield, VA 23832 – Planning District 19
- 445 Charles H. Dimmock Pkwy, Suite 100, Colonial Heights, VA – Planning District 19
- 701 North Main Street, Emporia, VA – Planning District 19
- 101 S. College Drive, Franklin, VA 23851 – Planning District 23
- 2221 Pump Road, Richmond, VA 23233 – Planning District 15
- 315 N. Main Street Lawrenceville, VA 23868 – Planning District 13

Our practice covers a wide geographical area, and a mobile scanner will enable us to reach more of our patients in an efficient manner. The PET/CT will be utilized for diagnostic cardiac perfusion imaging only. The CT component of the scanner is intended to be used for attenuation correction of the perfusion images and will not be used for standalone diagnostic CT imaging.

Please forward copies of the relevant application materials for this undertaking. Thank you for your attention to this matter.

Sincerely,

Mitesh Amin, MD  
President, James River Cardiology

CC: Erik Bodin III, Director, Division of Certificate of Public Need  
Piero Mannino, Supervisor, Division of Certificate of Public Need
