F 635 SS=D	<p>An unannounced Medicare/Medicaid revisit to the standard survey conducted 4/12/2022 through 4/14/2022, was conducted 5/18/2022 through 5/19/2022. One complaint was investigated. VA00055037 was substantiated with deficiency. Corrections are required for compliance with 42 CFR Part 483, the Federal Long Term Care requirements.</p> <p>The census in this 120 certified bed facility was 105 at the time of the survey. The survey sample consisted of 13 current Resident reviews and six (6) closed record reviews.</p> <p>Admission Physician Orders for Immediate Care CFR(s): 483.20(a)</p> <p>§483.20(a) Admission orders At the time each resident is admitted, the facility must have physician orders for the resident's immediate care. This REQUIREMENT is not met as evidenced by: Based on staff interview, record review and in the course of a complaint investigation, the facility failed to provide physician orders for immediate care for one of 19 residents, resident #119. Resident #119 did not have orders for wound care upon admission to the facility.</p> <p>The Findings Include:</p> <p>Resident #119 was admitted with diagnoses that included: Diabetes, reflux, crohns disease resulting in an ileostomy. The most current MDS</p>	F 635	<p>The Laurels of Charlottesville wishes to have this submitted plan of correction stand as its allegation of compliance. Our date of alleged compliance is May 26, 2022.</p> <p>Preparation and/or execution of this plan of correction does not constitute admission to, nor agreement with either the existence of the scope and severity of the cited deficiency or the conclusions set forth in the statement of deficiency. Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

F 635	<p>Continued From page 1</p> <p>(minimum data set) was a discharge assessment with an ARD (assessment reference date) of 3/31/22. Resident #119 was assessed with a cognitive score of 15 indicating cognitively intact.</p> <p>On 5/18/22 medical record review evidenced Resident #119 was admitted from the hospital to the facility status post ileostomy due to crohns disease. Review of Resident #119's "Discharge Summary" from the hospital documented orders to "Continue packing wounds with gauze 3 to 4 times daily. Flush drains 3 times per day ... Change dressing bid (twice daily)."</p> <p>The physician orders along with Resident #119's medication administration record (MAR) and treatment administration record (TAR) were reviewed and did not evidence an order for Resident #119's wound care. An order was written on 3/31/22 to flush the drains twice daily.</p> <p>A nursing note dated 3/30/22 documented Resident #119 "... was screaming and cussing that nobody flushed her JP (Jackson Pratt) drain on morning or evening shifts. RN (registered nurse) explained to the pt (patient) the order was not in the computer (...)"</p> <p>On 5/18/22 at 4:15 PM, licensed practical nurse (LPN) #3, nurse that admitted Resident #119, was interviewed. LPN #3 stated when a resident is admitted to the facility from the hospital the admitting nurse transfers all hospital discharge orders and activates them. The physician then reviews the orders and signs off on them.</p> <p>LPN #3 was asked to review the hospital discharge order for dressing changes and drain flushes, and was asked if the order should have</p>	F 635	<p>plan is prepared and/or executed to ensure continuing compliance with regulatory requirements.</p> <p>1)Resident #119 was discharged to the hospital on 3/31/2022.</p> <p>2)All residents with wounds have the potential to be affected by this alleged deficient practice. An in house audit of all residents with wounds was conducted and no other residents were affected.</p> <p>3)Licensed nurses will be re-educated on the admission process for correct implementation of wound treatment orders.</p> <p>4)DON or designee will conduct audits of all new admissions for accuracy and implementation of wound treatments; 5 days a week for four weeks; Then one day a week for four weeks; then twice in the last month.</p>
