Add one CT scanner on the campus of Carilion New River Valley Medical Center**

Dear Ms. Honaker:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Carilion New River Valley Medical Center to add one CT scanner at Carilion New River Valley Medical Center.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The project is consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
2. CNRV has an institutional need to expand its CT capacity.
3. The proposed project is more advantageous than the status quo.
4. There is no known opposition to the proposed project.

This certificate is valid for the period August 22, 2022 through August 21, 2023.
The total authorized capital cost of the project is \$2,254,532.
