Dear Dr. Shelton,

I am writing to notify you that Cardiac Care Associates intends to apply for a Certificate of Public Need to obtain a fixed cardiac PET/CT scanner in our office located at 1830 Town Center Drive Suite 405, Reston, VA 20190, in Planning District 8.

The PET/CT will be utilized for diagnostic cardiac perfusion imaging only. The CT component of the scanner is intended to be used for attenuation correction of the perfusion images and will not be used for standalone diagnostic CT imaging. Please forward copies of the relevant application materials for this undertaking. Thank you and your staff for your time and assistance.

Sincerely,

Young Park, MD
