Re: Letter of Intent

Dear Mr. Bodin:

On behalf of Eric H. Norby, MD and Woodburn Nuclear Medicine/Metro Region PET Center, I submit this Letter of Intent to notify you of our plans to submit an application to obtain a Certificate of Public Need to acquire a PET/CT scanner at 3289 Woodburn Road, #60, Annandale, VA, 22003.

The purpose of this new PET/CT scanner is to accommodate the increasing number of patients referred to our practice as well as to meet the demands of the various research projects we are enrolled in, all of which require serial PET/CT scans for their subjects.

Please forward the appropriate COPN application to my attention at the address above or to mgoldstein@woodburnmed.com. In addition, I can be reached at 703-608-8209.

Thank you in advance for your consideration and assistance.

Very sincerely,

Mark S. Goldstein
Project Consultant
Woodburn Nuclear Medicine/Metro Region PET Center
