**RE: COPN Request No. VA-8841**  
**Hanover Cardiac ASC, LLC**  
**Midlothian, Virginia, 23113**  
**Establishment of a New Medical Care Facility for Cardiac Catheterization with one**  
**Cardiac Catheterization Laboratory**

Dear Colin McCarthy:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Hanover Cardiac ASC, LLC, to expand cardiac catheterization services through the addition of one cardiac catheterization laboratory at the Chippenham Hospital location.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The proposal to establish a medical facility with the introduction of a cardiac catheterization laboratory is consistent with the standards and criteria of the State Medical Facilities Plan and the 8 Required Considerations of the Code of Virginia.
2. Capital costs for the proposed project are reasonable.
3. The proposed project is unlikely to have a significant negative impact upon the utilization, costs, or charges of other providers of surgical services in PD15.
4. The location of the project is close to Powhatan County where there are currently no authorized cardiac catheterization labs.
5. There is no known opposition to the proposed project.

This certificate is valid for the period December 15, 2025, through December 14, 2026. The total authorized capital cost of the project is \$4,693,354.

Please file two copies of the application for a certificate extension with the Department and one copy with the regional health planning agency no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

Karen Shelton, MD  
State Health Commissioner
