RE: **COPN No. VA-04977 (COPN Request No. VA-8846)**  
**Bon Secours St. Francis Medical Center, LLC**  
**Chesterfield County**  
**Establish a Center for CT Imaging**

Dear Dr. Wilkins:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Bon Secours St. Francis Medical Center, LLC to establish a center for CT imaging with one fixed CT unit at Bon Secours Iron Bridge Emergency Center.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The proposal improves access in a highly populated and rapidly growing area of the Commonwealth.
2. The project is generally consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
3. The applicant has demonstrated an institutional need for the proposed project.
4. PD 15 has a deficit of CT scanners which the proposal will alleviate.
5. The project is unlikely to affect existing providers of CT services adversely.
6. The project is more beneficial than the alternative of the status quo.
