RE: **COPN No. VA-04978 (COPN Request No. VA-8851)**
Cardiology of Virginia, Inc.
Midlothian, Virginia
Establish a Center for PET/CT services and independent use of the CT component,
with one fixed PET/CT scanner limited to cardiology

Dear Mr. Gibbs:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Cardiology of Virginia, Inc. to establish a center for PET/CT imaging, including independent use of the CT component of the equipment, with one fixed PET/CT unit restricted to cardiovascular imaging at Cardiology of Virginia in Midlothian.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The project is generally consistent with the applicable criteria and standards of the State Medical Facilities Plan and the Eight Required Considerations of the Code of Virginia.
2. The PET/CT scanner's use will be limited solely to cardiovascular imaging.
3. The project will improve access to the preferred cardiac imaging modality with numerous benefits over SPECT.
4. The project will not adversely affect existing providers of PET/CT services in PD 15.
5. The project is more beneficial than the alternative of the status quo.

6. The capital costs are reasonable.
7. The proposal is wholly feasible in the immediate and long term.
8. There is no known opposition.

This certificate is valid for the period February 16, 2026 through February 15, 2027. The total authorized capital and financing costs of the project are \$2,245,448.

Please file two copies of the application for a certificate extension with the Department no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

B. Cameron Webb, MD, JD
State Health Commissioner
