**RE: COPN No. VA-04980 (COPN Request No. VA-8856)
Carilion Medical Center (CMC) d/b/a "Carilion Roanoke Memorial Hospital,"
("CRMH")
Roanoke, VA
Add one CT scanner and one MRI scanner**

Dear Ms. Norkus:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Carilion Medical Center (CMC) d/b/a "Carilion Roanoke Memorial Hospital," ("CRMH") to add one CT scanner and one MRI scanner

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The proposal is generally consistent with the applicable standards and criteria of the State Medical Facilities Plan and the 8 Required Considerations of the Code of Virginia.
2. Since CRMH is an established provider, the proposed project is unlikely to have a significant impact upon the utilization, costs, or charges of other providers of CT and MRI services in PD 5.
3. The capital costs of the proposed project are reasonable, and it is viable in the immediate and long term.
4. There is no identified alternative to the proposed project, and it is more beneficial than the status quo.

5. There is no known opposition to the project.

This certificate is valid for the period February 16, 2026 through February 15, 2027.
The total authorized capital cost of the project is \$7,602,665.

Please file two copies of the application for a certificate extension with the Department and one copy with the regional health planning agency no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,
