RE: COPN No. VA-04999 (COPN Request No. VA-8882)
Inova Health Care Services d/b/a Inova Loudoun Hospital
Loudoun, Virginia
Add One (1) MRI Scanner

Dear Ms. Parker:

In accordance with Chapter 4, Article 1.1 of Title 32.1 of the Code of Virginia of 1950 (the Code), as amended, I reviewed the application and all supporting documents submitted by Inova Health Care Services d/b/a Inova Loudoun Hospital to add one MRI scanner.

As required by Section 32.1-102.3B of the Code, I have considered all factors that must be taken into account in a determination of public need, and I have concluded that **conditional approval** of the request is warranted based on the following findings:

1. The proposal to expand MRI services in an existing medical facility is generally consistent with the standards and criteria of the State Medical Facilities Plan and the 8 Required Considerations of the Code of Virginia.
2. Inova Loudoun Hospital's MRI scanners are heavily utilized, and the hospital qualifies for consideration to add MRI capacity under the institutional need provision of the SMFP.
3. The proposed project is unlikely to have a significant negative impact on the utilization, costs, or charges of other providers of imaging services in PD 8.
4. There is no reasonable alternative, and the project is more beneficial than the status quo.

5. There is no known opposition to the project.

This certificate is valid for the period August 21, 2026, through August 20, 2027.
The total authorized capital cost of the project is \$4,544,203.

Please file two copies of the application for a certificate extension with the Virginia Department of Health and one copy with the regional health planning agency no later than 30 days before the expiration date of the certificate. Part VIII of the Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations identifies the filing requirements and review procedure for certificate extension requests.

Sincerely,

Dr. Cameron Webb
State Health Commissioner

This project shall be subject to the system-wide charity care condition applicable to Inova Health Care Services d/b/a Inova Health System pursuant to COPN No. VA-04381 (issued April 2, 2013), as amended by the State Health Commissioner by letter dated January 4, 2016 (the Inova System-Wide Condition). Pursuant to the 2016 reconsideration, the Inova System-Wide Condition reset to 3.9% as of January 1, 2022. Provided, however, that charity care provided under the Inova System-Wide condition shall be valued under the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq.

Inova Health System will accept a revised percentage based on the regional average after such time regional charity care data valued under the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. is available from Virginia Health Information. In addition to any right to petition the Commissioner contained in the Inova System-Wide condition, to the extent Inova Health System expects its Inova System-Wide condition as valued under the provider reimbursement methodology utilized by the Centers for Medicare and Medicaid Services for reimbursement under Title XVIII of the Social Security Act, 42 U.S.C. § 1395 et seq. or any revised percentage to materially alter the value of its charity care commitment thereunder, it may petition the Commissioner for a modification to the Inova System-Wide condition to resolve the expected discrepancy.
