

TRAINING ANNOUNCEMENT

Medical Management of CBRNE Events

A Federally-funded Medical Management of CBRNE Events course will be offered on March 23-24, 2013 from 8a-5p each day at the Franklin Center. Register with Public Safety by March 1, 2013.

Description: Participants completing this program will be able to properly perform patient triage, decontamination, treatment, and transportation in the event of exposure to chemical, biological, radiological, nuclear and explosive (CBRNE) weapons. The course consists of facilitated discussions, small group exercises, hands-on activities, and task-oriented practical applications. Course participants will use both state-of-the-art adult and pediatric human patient simulators to promote critical thinking skills while utilizing the RAPID - Care concept. Upon completion of the course, participants will be able to demonstrate the skills necessary for proper detection and monitoring, triage, mass decontamination, treatment, stabilization, self-protection, and cross-contamination prevention. Virginia EMS CE hours will be available.

Prerequisites: Recommended completion of online courses AWR-111 Basic EMS Concepts for WMD Incidents and AWR-160 WMD / Terrorism Awareness through www.teexwmdcampus.com

Hours: 16

Participant Audience: EMTs, Paramedics, Firefighters, Hazmat, Law Enforcement, public Health, Physicians, Physician Assistants, Nurses, Emergency Management

CME: Physicians– AAFP 15 hours **Nurses-** ENA* 15 hours, AAFP 15 hours

*This continuing education activity was approved by the Emergency Nurses Association (ENA) , an accredited approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation
